February 2024

DISSEMINATION ACTIVITY

We are pleased to announce that February 2024 marks the successful closure of our Erasmus Talent Management project. It has been two years of hard work, dedication and collaboration, and we are proud to share that we have achieved our objectives:

- To raise awareness amongst companies about the importance of managing their talent, particularly the one which comes from the experience of those over the age of 45.
- To develop materials aimed at companies, trainers and HR professionals, which create itineraries to improve the professional skills of those over 45, according to the new job market demands.

☀ Memorable activities: An incredible journey!

Over 2 years, we have conducted a wide range of enriching activities. From workshops to international courses, we have provided our participants with unique opportunities to grow and broaden their horizons. Each activity has been a cornerstone to the success of our project.
